Subject 2010 SHOPP Grouped Project Listing Report - Request for
Programming

Greetings,

The purpose of this e-mail is to provide you with the 2010 SHOPP Grouped Project Listing Report (in excel and pdf format) for your region. This report is based on the 2010 SHOPP that was approved by CTC on February 24, 2010.

Programming of SHOPP projects in the FTIP :

Use the following fund types to program these SHOPP projects in your 2011 FTIPs. When programming in FTIP, programmed costs for the grouped projects (or individually listed projects) need to be split at 88.53% "SHOPP Advance Construction (AC)" and 11.47% "State Cash". Refer to "2010 State Highway Operation and Protection Program (SHOPP)" section under "State Highway Programs" from the "2011 FTIP Checklist and Development Guidance (See link below)" for more information. For information on SHOPP Long Lead and GARVEE projects, please refer to the e-mail transmittal dated April 13, 2010, with title "2010 SHOPP - Long Lead and GARVEE Projects" from Abhijit Bagde.
